Calendar

Campbelltown Masters Swimming Club develops a swimming program each year to try and accomodate the Aerobic and Endurance components of the club competition. It is designed to assist in the completion of either the clubs E500 program or the Masters E1000 program.

Listed below are the Sunday swim meets of the club and the suggested program for each meet, as well as social events, meetings and carnivals that occur throughout the year. Wednesday meets are less structured and are designed for you to have the freedom to swim whatever stroke or distance you want.

This program is purely a suggestion. It is not expected that members follow the program. If you are unable to swim a stroke or a distance mentioned, don't let that put you off coming. We accommodate all levels of ability at all club swim meets. Carnival attendance is also optional. But is a great way to support the club even if you choose not to compete.

To accomodate the Aerobic and Endurance components held once a month following of the club competition, a recommended program is developed yearly

Club Meetings are usually the Sunday morning swim The club has a very busy social calendar with something for everyone

As a club member you can attend both state, interstate and international carnivals held throughout the year
